Dear Clare

I am writing to express sincere thanks for your support of the Olympic themed Enterprise Day at Prince Henry's. The students and staff here appreciate the gifts of time and experience you made in acting as mentors throughout the activities the students were presented with.

The feedback received from each of the groups has been extremely positive with many students expressing their thanks for the opportunity to practise their problem solving and enterprise skills. I greatly appreciate the comments that you as mentors made and if you feel you want to comment further please don't hesitate to contact me.

The work that you did with the students will form the basis of their work related learning curriculum. The grounding they have received from your efforts will stand them in good stead.

Once again thank you and I hope that you enjoyed the experience as much as our students did.

Yours sincerely
